## ABOUT OL PEJETA

From a working cattle ranch in colonial Kenya, to a trailblazer of conservation innovation - the story of Ol Pejeta is as enchanting as it is inspirational.

Today, Ol Pejeta is the largest black rhino sanctuary in East Africa, and home to three of the world's last remaining northern white rhinos. It is the only place in Kenya to see chimpanzees, in a sanctuary established to rehabilitate animals rescued from the black market. It has some of the highest predator densities in Kenya, and manages a very successful integrated livestock programme. Ol Pejeta also seeks to support the people living around its borders, to ensure wildlife conservation translates to better education, healthcare and infrastructure for the next generation of wildlife guardians.
